IDENTITY

What does the word
'identity' mean?

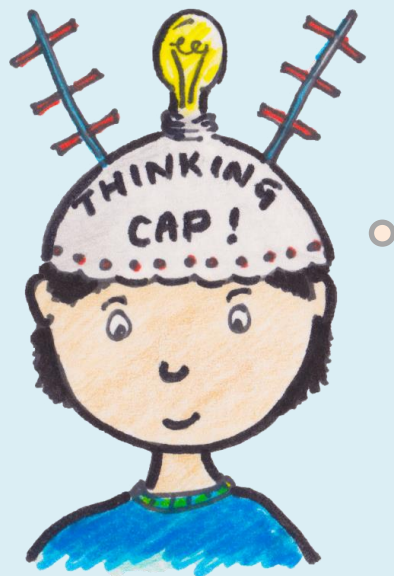

Share any ideas you might have
with someone else at home.

IDENTITY

'Who a person is, or the qualities of a person that makes them different from others.'

What makes
me, me?

The Linking

What is important to you?

Here are some ideas that you might want to think about:

family

books, music
or films

friends

clothes I
wear

my
beliefs

food I
like to eat

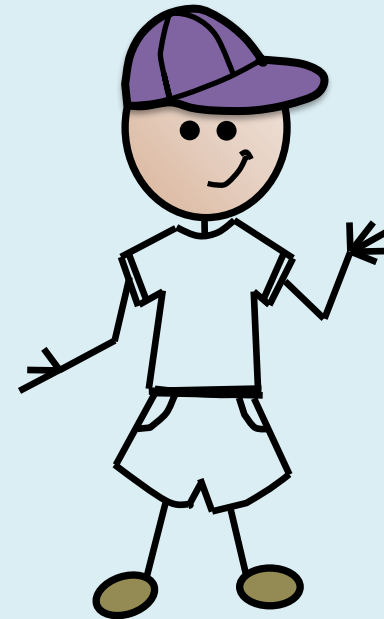

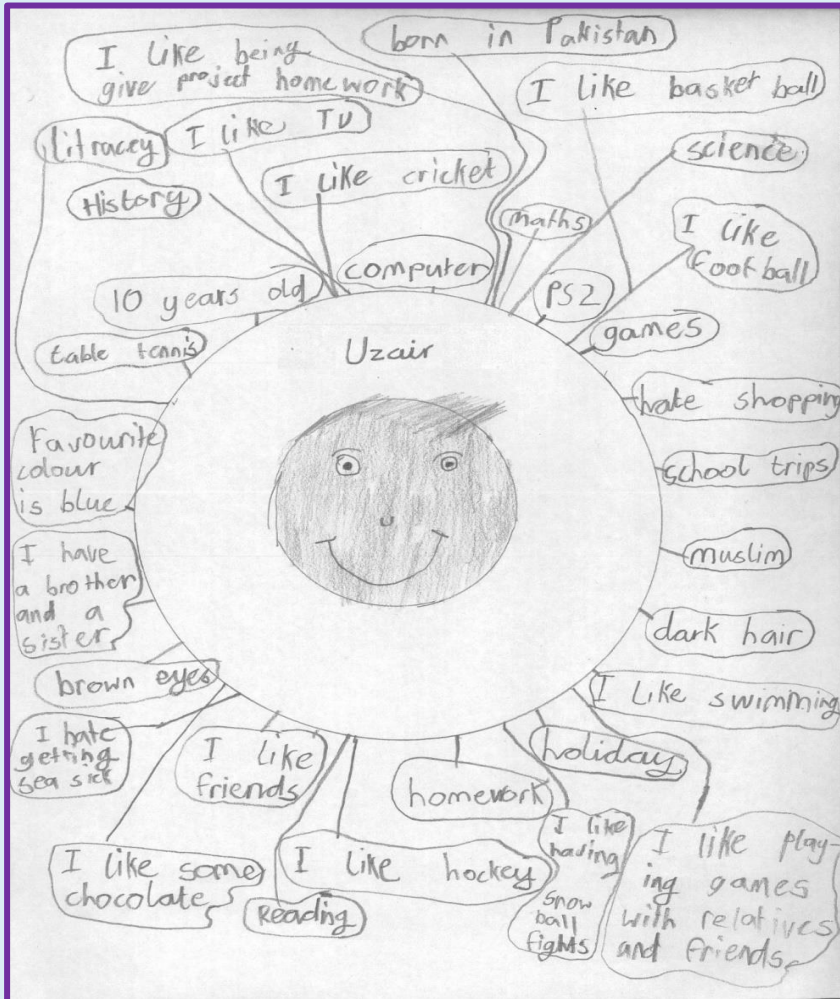

places I
like to visit

things I
like to do

One way that you can show the different things that make up who you are is by making an Identity Map. Let's have a look at some examples first:

Meet Uzair!

Meet Grace!

Meet Ameerah!

What did you find out about either Uzair, Grace or Ameerah by looking at their Identity Maps?
What would you like others to find out about you?

Share your ideas with someone else.

Which style of Identity Map are you going to make for yourself? You can use the ideas you have seen as inspiration or you might have some ideas of your own!

Now it's your turn!

I can create an Identity Map that shows who I am

1. Think carefully about the things that are most important to you or are an important part of who you are.
2. Mind-map these ideas by drawing pictures or by using words or both. If you have photographs at home, you could even use these.

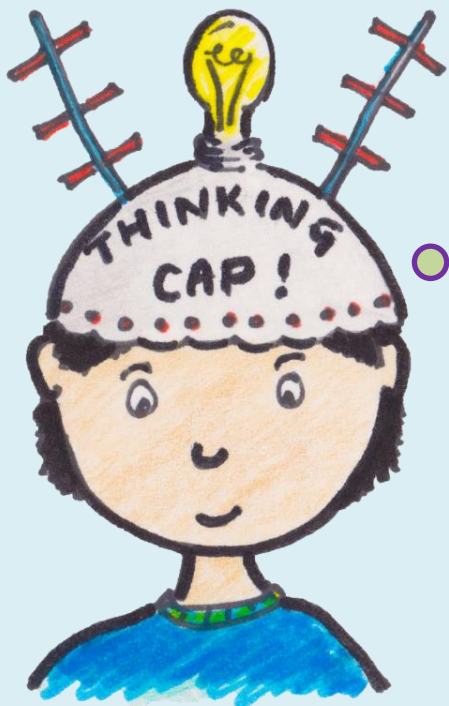

Decide where you will display your finished Identity Map. How will you share your masterpiece with others?
